## Beware of Imitators

ALL NONI PRODUCTS ARE **NOT** THE SAME

### Safe? Effective?

- ⚠ Laboratory analysis indicates that some of these products contain less than 1% real noni
- ⚠ Some contain no noni at all
- ⚠ Some contain contaminants or adulterated ingredients
- ⚠ Some contain high alcohol content
- ⚠ Some are produced under unsanitary conditions with poor quality control standards
- ⚠ Most use plastic bottles which can foster toxic chemical reactions
- ⚠ None have real scientific validation

**Don't gamble with your health**  
Insist on authentic **TAHITIAN NONI**
